

SECURITY POLICY

Spline Gauges recognises that clear, positive and visible leadership is core to the effective management of security.

As such Spline Gauges is committed to:

Legal and Other Requirements

Complying with all relevant regulations and requirements, operating in accordance with both government and industry codes of practise and guidance appropriate to our activities.

Management of Risk

Assessing and managing the risks associated with our activities.

Policies and Documentation

Document polices to enable Spline Gauges to control our security risks protecting the supply chain, property and stakeholder's assets held by the organisation from intentional unauthorised acts designed to cause them damage.

Provision of Information

Providing relevant information to our interested parties where appropriate.

Training

Providing all employees with information, instruction and training aimed at ensuring that they understand their responsibilities and their contribution towards security.

Continual Improvement

Achieving continual improvement in security.
